Media Justice Trailblazer Nomination

Shiloh Community Development, Incorporated received \$10,000 from the Alaska Community Foundation to support SCDI's Media Justice project, a storytelling effort designed to share achievements and contributions of African American trailblazers in Alaska through a series of vignettes. These 8-10 vignettes will air statewide on television, radio, etc. annually during Black History Month in February. As we celebrate Black History Month, it's important to look back at the brave men and women who faced off against prejudice and bigotry in order to share their unique talents with the world. Whether they were involved in Civil Rights, politics, science, technology, sports, or music, African-American history is full of innovators, though they don't always get their due.
